I found this among my books in library after McIver + Brader moved

Looks like C2A - because they use "Zones" and "colors" Maybe you can decode some of these names

This was written some time between the last of Oct 66 and Feb 1966. When I heard it there was much speculation who the "Queen" could be - (That maybe he was complimenting me ha!) When you arrested Clay Shaw, immediately I thot of this letter!

I have had that you have received a call but I am into - mate with Clay Shaw -. I have not the pleasure of our knowing the many months he has been lying up

This is some of the research Gannon was working on.

Godfrey met Gannon at a party in the home of Mrs Hamilton Polk Jones. Godfrey

He was also working with a gang of white men some kind of research. Wants Godfrey to help him

Was in late Oct early Nov 1966 -
They shot pistols - tied my wife
room, tore up everything in
sight, broke into my apt.

This is the bill of some fellows
I strongly suspect were ASTP
Student Group - They are the ones
who got Laidlaw out of Nashville
a day or two after I had just
given him the Chemistry Final
They laughed about it gleefully!
